About Our Company

Save Energy Power Solutions is a leading provider of innovative energy solutions, specializing in electrical services, solar installations, generator maintenance, and smart home technologies. With a mission to help businesses and homeowners reduce energy consumption, we focus on sustainability and efficiency in every project we undertake.

Vision

To be a trusted leader in the energy sector, providing cutting-edge solutions that optimize energy use and promote environmental sustainability. Empowering businesses and communities with innovative and sustainable energy solutions that enhance efficiency and minimize environmental impact.

Mission

To provide our clients with energy-efficient solutions that reduce their carbon footprint and contribute to a more sustainable future. Leveraging innovative technologies to deliver cost-effective and environmentally-friendly solutions for a greener tomorrow.

Why Should Solar?

Solar energy is a clean, renewable resource that harnesses the power of the sun to generate electricity. Solar energy also offers long-term financial savings, with minimal maintenance and increasing efficiency over time, making it a smart investment for both the environment and your wallet.

Benefits of solar energy

Reduces
Electricity
Bills

POWER SOLUTIONS

Our Projects

KPS School

Project Description: KPS School required electrical work and generator installations. Our team completed the installation of electrical panels and generator maintenance, ensuring uninterrupted power supply for the institution.

Services Provided:

- Generator Mechanical & Electrical Work
- Electrical Wiring & Distribution
- Testing & Commissioning

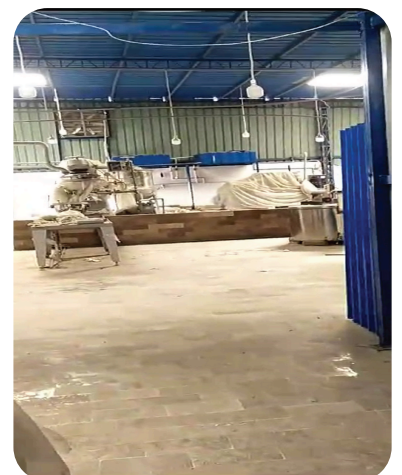

Candy Crush Factory

Project Description: The Candy Crush factory needed electrical wiring, office wiring, and cable terminations. Our team provided full installation and commissioning of electrical systems to ensure seamless operations in the factory.

Services Provided:

- Cable Termination and Testing
- Electrical Wiring for Office & Factory
- DB Termination Equipment Installation

Our Projects

Lagardia Industry

Project Description: At Lagardia Industry, we identified and fixed faults in the electrical system by performing circuit tracing, waterproof cable joining, and control wiring installation.

Services Provided:

- Cable Fault Identification
- Waterproof Cable Joining
- Star Delta & Dual Starter Control Wiring
- Electrical Testing & Commissioning

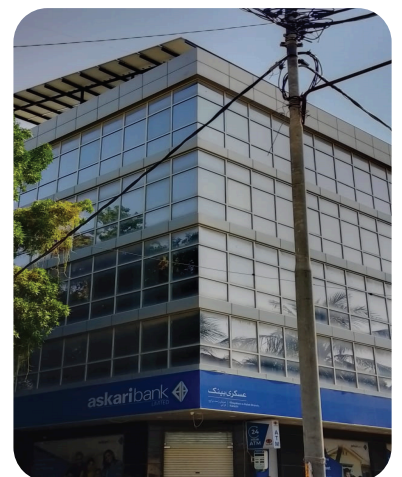

New Solar Power Installation

Project Description: We were commissioned to design and implement a solar energy solution for a commercial property, aiming to improve sustainability, reduce electricity costs, and contribute to environmental responsibility.

Services Provided:

- Solar Panel Installation
- Electrical Integration for Optimized Performance
- System Testing & Commissioning
